

Azim Khamisa ❖ Author, Speaker

THE VISION

1. To inspire children to make the choice towards brotherhood and sisterhood and away from gangs and violence; to inspire millions to take the path of forgiveness; to inspire the co-creation of a peaceful world.
2. Within five years, the income from public speaking and product sales easily covers the overhead costs of Azim's staff and TKF administrative costs, so that every dollar donated to the foundation goes directly to programs and the children affected by those programs.
3. TKF and its message are in every school in the USA and the world.
4. With the publication of Azim's book *From Forgiveness to Fulfillment* in 2007, the forgiveness movement takes off exponentially, culminating with an appearance on TV shows such as *Oprah*.
5. The website www.azimkhamisa.com and related administrative backend is set up to manage the flood of orders that come in after Azim's appearance on *Oprah*.
6. Azim and his team work together effortlessly, enjoy their time together, and align on a common purpose that uplifts humanity.
